National Development Plan : 3 Pilars

National Durable Solutions Strategy: 5 strategic objectives

1. To ensure equitable access to public services
2. To support the participation of DAC in peace and state building and access to legal identity
3. To enhance access to sustainable livelihood and employment for DACS and address obstacles to self-reliance
4. Ensure access to justice and rule of law, including access to documentation
5. Invest in long-term solutions and measures to prevent displacements caused by floods and drought
